

CWG #6 – Questions and Answers (June 23rd to July 7th)

#	Question	Answer
1	Is Morven Construction still using the public ferry, contrary to commitments made in the Operations Plan and to the Community?	Morven Construction is involved in other projects on the Island not related to the Amherst Island Wind Project. These projects allow Morven to use the ferry for their requirements and needs.
2	Has an Aboriginal Monitor been present at the ongoing archaeological assessment on the mainland?	Appropriate protocols for archaeological monitoring are being followed. We can confirm that an Aboriginal Monitor has been notified and is on site for the archaeological assessment at the mainland recreational road.
3	Why am I not receiving the Amherst Island Email on a weekly basis?	If you are experiencing this issue, please email us at windlectric@amherstislandwindproject.com , so that we can add you manually to the list, to guarantee you receive our messages.
4	Has the archeology team been made aware and received training concerning unexploded ordnance and contact with possible chemicals on site?	Yes, the archaeology team has been provided appropriate training.
