Notice to Residents

To ensure local residents are kept up-to-date with the details of the construction activities for the Amherst Island Wind Project, we are extending a notice to residents in the village of Stella. Turbine component delivery may occur on the following dates:

The new delivery dates will be May 1st, May 3rd, May 7th & May 10th from 11:00 a.m. – 2:10 p.m. and 3:30 p.m. – 7:00 p.m.

In the event of weather delays, the deliveries will move to the next day (May 2nd, May 4th, May 8th & May 11th) during the times listed above. If this occurs we will post a notice by 6:00 p.m. on the website and at the store the evening before.

Traffic management will ensure you have access to your laneway and allow you to proceed onto the roadway should you need to leave your home. Flag people will be along the route directing traffic.

Please contact Kimberley, Communications Coordinator from Pennecon Heavy Civil Limited at 613.812.8812 or amherstisland@pennecon.com if you need to make special arrangements during this time.

Should you have any comments or concerns related to the project please send them to windlectric@amherstislandwindproject.com

Kindest Regards,

Amherst Island Wind Project
